LEGO Harry Potter

Get yourself in-the-know with our latest news!

The Chamber of Secrets movie is about to hit our screens! To celebrate, LEGO has released more sets in its awesome Harry Potter range. There are some great new figurines and sets to collect.

Now you can recreate events in the movie — such as the Quidditch Practice scene and the Forbidden Forest scene.

Forest scene.

Plastic Fantastic

Plastic bags are bad for the environment — some bags take up to 100 years to biodegrade. But a new kind of plastic bag has been created that lasts just three years to disintegrate and leaves only water, carbon dioxide and certain minerals behind. But it's still a long way from being a perfect solution as the carbon left behind is said to link with other things in the rubbish to form a greenhouse gas called methane.

Croc Kid

Could this kid be the next Croc Hunter? In Thailand a 10 year old boy has a crocodile as a pet. Wattana Thongon found the croc in a pond and called it Kheng. Kheng has grown to be over one metre long. Every day Wattana has to wash him, brush his teeth and feed him. He's also trained him to be friendly. Kheng's fave activity is watching TV with his owners!

Avril's a Natural

With her big voice, natural talent and skate-punk style, it was only a matter of time before the world discovered Avril Lavigne. Avril writes her own songs and the No. 1 hit "Complicated" is proof of

her ability. She's a bit of a tom boy who can beat boys at their own game. "Complicated" is about a boyfriend 'going all weird' on her, and while she doesn't have a boyfriend at the moment, Avril finds it hard to resist a guy

with a guitar over his shoulder. In fact, she has a crush on all the boys in her band!

The 17-year-old was born on September 27, 1985. She comes from a small town called Napanee in the Canadian state of Ontario. She taught herself guitar at 12 and left school in Year 11 to pursue music. She doesn't like people telling her what to wear or how to behave. "I see what's going on out there today, and I'm totally not into glamping up and looking like someone else for the camera," she says. Avril is set to make an appearance on *Sabrina the Teenage Witch*. Keep your eyes peeled for that one!

Avril facts...

Avril has pierced ears and a pierced belly button but no tattoos! And while she likes to skate, she is no Tony Hawk. "Dude, I suck," she says. "I like to skate in my free time but I fall a lot."

Sticky Situation!

You've just won the best album of the year award but you trip on your way up to the stage. What do you do? I trip on the way up to the stage and then I kinda do a navy roll and I pretend like it was something I had planned and then I'm at the mic. Or I point down to the spot where that human being fell down, who ha, and I'd laugh at it.

I Gotta Get Thru

Sticky Situation 1

Someone mistakes you for another celebrity. Do you play along with it or point out the mistake? Oh, no, no, no, that is the worst! Who could they possibly confuse me with? That's awful! I might say some nasty things and ruin their reputation! (Laughs) No, I'd point it out.

Sticky Situation 2

You've been photographed with something hanging out of your nose and it's on the front page of the paper. What do you do? I say it tastes good! (Laughs) I'd go out and face the music. My goodness, I'm a human being.

Sticky Situation 3

You're up on stage and the whole stadium is packed with concert-goers, but you split your pants in the middle of a song. What do you do? I split my pants! (Laughs) I'd throw them off so I'd be singing in my undies. I'd do - I'd do the whole concert in my undies. No, I'd rip them, I'd keep the split going sideways, and have a Michael Jackson bottom half!

Summer's almost here and that means it's time to get wet! We love having pool parties at K-Zone, and racing each other on pool parties. Here are some more cool pool activities!

Nothing beats a spot of water-polo, water-tennis or water-soccer. Ball games are much more fun and challenging when you're splashing around the pool trying to score a goal or keep the ball out of the water!

Marco Polo

This game is played at the shallow end of the pool. Choose one person to be Marco Polo. Marco moves to the end of the pool and closes his eyes. While Marco counts to 10, the others move silently around the pool, trying to keep their place a secret! Once Marco reaches 10, he shouts "Marco" to the other players and everyone shouts back "Polo". Marco then has to find the players with his eyes closed. If he tags someone, that person instantly becomes Marco Polo.

RACES

Challenge your friends to a swimming race. It's fun to test your speed and strength, and the more you practice, the more of a Thorpedo you will become! Apart from the usual freestyle, breaststroke, backstroke and butterfly, why not try some pool pony, kickboard, dog paddle and sidestroke races? It's also fun to see who can go the furthest underwater without taking a breath!

Jump In!

continued...

RED ROVER

One person stands at one end of the pool and everyone else stands down at the other. The person on their own yells "Red Rover", cross over - 1, 2, 3". Everyone tries to cross the pool without being tagged by the lone person. The person tagged becomes the new person to shout "Red Rover!"

JAZZ BALLET DISPLAYS

Ask mum and dad if you can hook up your stereo somewhere near a window facing the pool - but not too close, electricity and water don't mix! Pump up your fave CD and start working on some well-executed moves - think Britney, Pink N-Sync. The only rule is that each dance must end with everyone diving into the pool! Perform this extravaganza for mum and dad.

POOL PONY RODEO

This is a test of endurance for all you weekend cowboys and cowgirls! One person tries to stay on the pool pony for as long as possible while the rest splash around and create pool turbulence (without touching the pony). Count the seconds aloud. Whoever stays on the pony longest wins!

SYNCHRONISED SWIMMING

Hook up an Aqua Radio (a cool new invention that lets you listen to FM radio underwater) and start dancin'! Any move that requires spinning underwater with your legs above the surface will look funky if you can get some of those nose pegs that synchronised swimmers wear, all the better!

Backstreet
Boy, Nick Carter, has taken a step into the limelight - on his own!

SINGING SOLO

Story: Anna Gammie

I Want It My Way

If you're expecting *Millennium Part Two*, think again! While it's not exactly Linkin Park, Nick's new album has a rockier sound. It's been compared to Savage Garden, Bon Jovi and Brian Adams. Nick says that it's a little harder, a little newer and very different.

He's a BUSY BSB!

As if starting a solo career wasn't enough, Nick has got so many other projects in the works that we're wondering how he finds the time to sleep! Nick has started a charity, "Nick Carter's Oceans Campaign". He has a powerboat racing team, "Nick Carter Racing", and he has recently been touring with little brother Aaron and getting a taste of performing without the boys.

From happy hair to funky fashion, Nick's grown up a lot since he first burst onto the music scene.

Harry Potter Update!

Fold! Hogwarts Invites

Here's all the latest Harry Potter goss — we're giving Rita Skeet a run for her money!

A New Direction

Chris Columbus directed the first two movies but he will not direct *The Prisoner of Azkaban*. The third movie will be directed by Alonso Cuaron, who directed *A Life in Pictures*. Chris will work on the film as a producer. Nothing is due to start early next year, to make it in time for a release in 2002.

Picky! Picky!

Harry Potter and the Philosopher's Stone had 49 mistakes! See if you can spot these:

- In the Mirror of Erised scene you can see the shadow of a cameraman on the wall.
- At the start of term feast, after Harry is sorted into Gryffindor, he sits down on the right side of the table next to Ron. When the feast appears, Harry is on the other side of the table, next to Hermione. Here are some mistakes already spotted in *The Chamber of Secrets*:

As Harry walks into his room his hair is flat. They cut to Dobby and return to Harry, but now his hair is messy.

During the filming, Emma Watson broke her wrist. In the trailer, you can see the cast sticking out of her robes.

Mystery Reviewer

A mystery review of *Harry Potter and the Chamber of Secrets* has appeared on a US movie site. The reviewer claims to have already seen the unfinished movie and says it is a lot funnier and a lot spookier than the first. However, he says it is too short and seems a bit rushed in places.

And now for the best news we've heard in a while... Harry Potter and the Chamber of Secrets will be released on November 28th!

Fluff up your fury friends and stock up on film! It's time for the K-Zone Pet of the Year!

Overcoming pressure and mental difficulties that you place on yourself and realising that this is not productive to the way you perform.

What do you think about when you're swimming up and down the pool?

I'm very satisfied because I have put so much hard-work into my training and reached the goals I have set for myself.
You've broken so many records. Do you consider

When you first started swimming, did you ever think you would become the best swimmer in the world?

No, I just wanted to be the best swimmer I could and have fun doing it.

What would you do if you weren't a swimmer?

I'm not sure, but more than likely I'd be studying at university.

Do you ever get bored with training so much?

No, I enjoy my training.

Sticky Situation 5

You're out walking and you've got this new jacket on that you love. A fan comes up to you and she's fallen in love with your jacket and asks for it. What do you do?

I'd say no. I love that jacket. I'm attached to it!
You shall not remove my jacket but I'll sign an autograph and what are you doing this evening?

Sticky Situation 6

You're on your way to a big recording session with a big music star. But your car breaks down and you're stuck in the middle of nowhere.

What do you do?
Stuck in the middle of nowhere? I'd ring up and my private jet would come and pick me up. No, I'm joking! I don't know!

Sit Boy!

An obedient pup makes a smart doggy!

Obedience training is very important! Teach your dog a few commands so he will know when you are happy, when you are angry, when he is being good and when he is being bad.

Who's The Boss?

In the wild, dogs roam in packs and follow one leader. The leader has fought his way to the top and earned the other dogs' respect. When a dog lives with a family, that family becomes his pack. It is important he knows who the leader is, or he'll try to take the job himself.

You're the Boss

Being Leader of the Pack doesn't mean you should be bossy to your dog! It simply means you set the rules and make sure he understands them.

Rules

Once you set your rules, stick to them. Decide whether you are going to allow your dog on your bed or not. If you allow him on the bed sometimes and not other times he will get confused and start acting up or

become depressed. Sit down with your whole family and decide what rules you are going to make. For example:

- No jumping on bed
- No begging at table
- Must sit to greet people (no jumping up)

Everyone in your family must use the same commands. For instance, if your dog jumps up you can say "no!" or "bad!". To make him sit you could say "down" or "sit". Consistency is the key.

Rewards

The best way to let a dog know he's been good is to give him a pat and a smile. Give him a little treat when he's followed your commands. Be consistent with rewards. Keep some doggy biscuits in the cupboard.

Ways Your Dog Tries To Be Boss

EXCLUSIVE! First look at the new

HARRY POTTER AND THE CHAMBER OF SECRETS (PSONE)

Here at KZone we've been working hard to bring you some early code of the new Harry Potter game on PsOne. This code had three completed areas, each with a different style of gameplay.

HOGWARTS SECTION: This was similar to the first

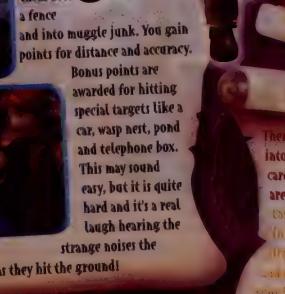

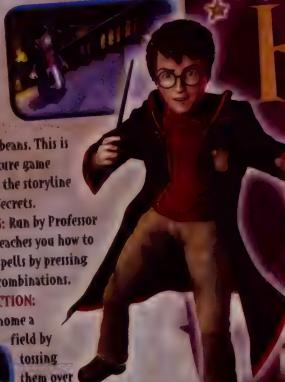

Harry Potter game. You take control of Harry and explore Hogwarts, using your magic wand and collecting items like Bertie Bott beans. This is very much a 3D adventure game that immerses you in the storyline of The Chamber of Secrets.

HERBOLOGY CLASS: Run by Professor Sprout, this class teaches you how to get Harry to cast spells by pressing different button combinations.

DE-GNOMING SECTION:

Harry must de-gnome a field by toning them over a fence and into muggle junk. You gain points for distance and accuracy.

Bonus points are awarded for hitting special targets like a car, wasp nest, pond and telephone box. This may sound easy, but it is quite hard and it's a real laugh hearing the strange noise the gnomes make as they hit the ground!

HARRY

PC Hints & Tips

For every 10 Bronze Wizard Cards you collect you will increase your health.

Each time you hit a target, you will earn a point. If you hit a target with a special item, you will earn bonus points.

Bertie Bott Beans can be used to buy wiggeweld potion ingredients to increase your stamina.

Remember: Re-check areas.

Game Boy Colour

There are over 100 wizard cards divided into 11 sub groups. If you collect all the cards of a group, it will unlock a secret area, item or minigame in Hogwarts!

Castting the Informus spell lets you gather information about the secrets of Hogwarts. This info about the secret areas can be used to complete various objectives in some of the levels, such as the Chamber of Secrets, the Great Hall and the castle.

HOW DID WILLY WONKA INVENT FUN DIP?

DRAGONBALL Z®

Here is your complete guide to Super Saiyans. We thought it was time to settle this once and for all. After bags and bags of mail debating the topic, hundreds of DBZ fans asking for answers and too many different theories to mention, we decided to get to the truth of the matter.

What's a Saiyan?

Time for a quick Japanese lesson! Saiyan is the English translation of the Japanese word 'Saiya-jin'. The Japanese symbol for Jin means 'person'. When it's added to the end of a country or a planet's name it indicates a nationality or population. So people from Planet Saiyan are Saiya-jins.

What's a Super Saiyan?

A Super Saiyan is a Saiyan person with extraordinary powers, like Goku and Gohan. The legend goes that once every 1000 years a Super Saiyan is born.

There are four stages of Super Saiyan.

There are said to be three main characteristics required to become a golden-haired Super Saiyan – and no, it doesn't involve hitting a bottle of hair dye!

1) A minimum power level of 300,000. A normal Saiyan body can only hold so much power. So when a certain power level is reached, the body needs to upgrade to Super Saiyan.

2) A quiet, pure and calm heart. In order to achieve this, you need to

be pure good or pure evil.

3) Extreme Rage. This is a bit harder to achieve. Extreme rage isn't just anger; the person actually has to find out what makes them hate. For example, Vegeta had to be angry at himself for being weak, rather than at Goku for being strong.

Super Saiyan Powers... This is where it gets tricky. Just what forms of Super Saiyan actually exist? We've heard

everything from Super Saiyan 1,000 to Ascended Saiyan! We hope this clears things up!

Stage 1 - Super Saiyan
Characters who have attained this form: Goku, Gohan, Goten, Vegeta, Future Trunks, Trunks, Gotenks, Vegetto.

In this form a fighter's battle potential is increased 50 times. It allows a Saiyan to increase their fighting power beyond their normal body structure. The downside is that this form uses up lots of energy – more so than if the person fought in normal Saiyan form.

Super

Saiyans Sorted!

Stage 2 – Super Saiyan
Characters who have attained this form: Goku, Future Trunks, Vegeta. This is the in-between stage to Super Saiyan and Super Saiyan 2. The fighter increases the amount of muscle they have but not their body size, so it's a bit of an awkward stage to be in. As a result, the fighter is slowed down and can't really fight that well.

Stage 3 – Super Saiyan
Characters who have attained this form: Goku, Future Trunks.

Slightly more powerful than Super Saiyan Stage 2, this form once again increases muscle size, which makes the fighter stronger, but speed is still decreased.

Super Saiyan Two
Characters who have attained this form: Goku, Gohan, Evil Prince Vegeta, Gotenks.

The major physical difference between SS2 and SS is the hair. The golden blonde hair of a fighter in SS2 form is in

heaps of spiky tufts, compared to SS form's smooth tufts. This level is quite effective because the fighter's strength increases – but the muscle doesn't allow for the user to have the same speed as they had before.

Characters who have attained this form:
Goku, Gotenks.

In DBZ, this form is the most powerful. The fighter has really long blonde hair and no eyebrows! Goku used this form to beat Buu.

But he never really reached the full SS3 power level because he ran out of energy.

Super Saiyan Four
Characters who have attained this form:
Goku, Vegeta, Gogeta.

This is the highest level of Super Saiyan transformations but it is only seen in Dragonball GT. The fighter looks different from normal Super Saiyan in that they have long black hair that isn't spiky; their body is covered in reddish hair and their eyes are red.

We'll have to wait for Dragonball GT to see this in action!

DRAGONBALL Z®

We power-up big time this month with answers to some tough questions! We cover everything from a broken Z-Sword to the evil Vegeta!

Q&A

What's the difference between Vegetto and Gopata and who is stronger? Jason Patterson-House, Invercargill, NZ

There are two types of Fusion used by the Saiyan Warriors in their attempts to defeat Buu. The first type is the Fusion Dance method, which can only be done by warriors close in size and strength. When Vegeta

uses this method the result is Gogeta. This is the strongest type of fusion. The other type is with the Potara earrings. When one earring is worn on opposite sides of each fighter, they fuse into a new character. The result of Goku and Vegeta wearing these earrings is Vegetto. He is not as strong as Gogeta but is still a powerful force.

Are there any sagas after the Majin Buu saga? Linda Hartnett, Red Cliffs, VIC

Yes. The saga following the Majin Buu saga is the Frieza Saga. The next saga after this is the Kid Buu Saga, where we see the final fusion that Buu unleashes on our heroes.

When does Goku become Super Saiyan?

In ep 230, Goku transforms himself into Super Saiyan 3 to distract Buu, while Trunks hunts for the Dragon Ball Radar. He grows hair and fights Buu with an enormous amount of strength and finally

breaks the Elder Kai appears from inside the sword - he has been trapped there for hundreds of years. In return for his freedom the Elder Kai promises to help Gohan bring out his fighting powers.

GAME BUSTA FREESTYLE

Game Cube/PS2. 1-2 Players. Rated G

Hold on to your seats because you're in for one hell of a ride! Freestyle is arcade-style motocross racing with an extreme spin. Jump onto your bike and get ready for adrenaline-charged action as you grab huge air and pull insane stunts while racing on totally twisted tracks. The courses are huge and there are plenty of opportunities for crazy tricks - which are a must if you want to 'Freakout'! You pull off tricks to fill your Freak Meter. When it's full you'll be able to pull off the sickest tricks ever. The visuals and sound in Freestyle are great, but it's the addictive gameplay that really makes this a winner.

DRAGONBALL Z®

We power-up big time this month with answers to some tough questions! We cover everything from a broken Z-Sword to the evil Vegeta!

Q&A

What's the difference between Vegetto and Gogeta and who is stronger? Jason Patterson-Hewitt, Invercargill, NZ

There are two types of Fusion used by the Saiyan Warriors in their attempts to defeat Buu. The first type is the Fusion Dance method, which can only be done by warriors close in size and strength. When Vegeta and Goku use this method the result is Gogeta. This is the strongest type of fusion. The other type is with the Polara earrings. When one earring is worn on opposite sides of each fighter, they fuse into a new character. The result of Goku and Vegeta wearing these earrings is Vegetto. He is not as strong as Gogeta but is still a powerful force.

Are there any sagas after the Majin Buu saga? Louis L'Amoreaux, Red Cliffs, VIC

Yes. The saga following the Majin Buu saga is the Fusion Saga. The next saga after this is the Kid Buu Saga, where we see the final fusion that Buu unleashes on our heroes.

When does Goku transform into Super Saiyan 3? Formula 1, Wellington, NZ

In ep 230, Goku transforms himself into Super Saiyan 3 to distract Buu, while Trunks hunts for the Dragon Ball Radar. Gohan pulls the Legendary Z-Sword out from solid rock. Goku throws a huge metal box at Gohan for him to split in two, but the sword is broken. Then the Elder Kai appears from inside the sword - he has been trapped there for hundreds of years. In return for his freedom the Elder Kai promises to help Gohan bring out his true powers.

Is Vegeta wearing these earrings? Jason Patterson-Hewitt, Wellington, NZ

The answer is no. Vegeta is wearing the Polara earrings. He is not as strong as Gogeta but is still a powerful force.

GAME BUSTA FREEKSTYLE

Game Cube/PS2. 1-2 Players. Rated G

Hold on to your seats because you're in for one hell of a ride! Freekstyle is arcade-style motocross racing with an extreme spin. Jump onto your bike and get ready for adrenaline-charged action as you grab huge air and pull insane stunts while racing on totally twisted tracks. The courses are huge and there are plenty of opportunities for crazy tricks - which are a must if you want to 'Freekout!' You pull off tricks to fill your Freek Meter. When it's full you'll be able to pull off the sickest tricks ever. The visuals and sound in Freekstyle are great, but it's the addictive

gameplay that really makes this a winner.

GAME GURU SPECIAL

ROCKET POWER BEACH BANDITS

The Game Guru caught up with the crew from Evolution Games – an Australian company which is developing the game version of *Rocket Power*. *Rocket Power* is one of Nickelodeon's hottest cartoon and the game is being made for both PS2 and Game Cube. Featuring all your love *Rocket Power* characters, the game is a 3D adventure packed with extreme sporting action.

FIRST LOOK

Game Cube / PS2

Q: How long does it take to make a game?

A: It has taken us just under two years to make this game, but game development can vary from between one and four years.

With the visual style of the cartoon and all the voices from the TV show, *Rocket Power Beach Bandits* is an extreme platform/adventure game that no fan should miss. Play as Otto, Reggie, Twister or Sam as they try to solve the mystery of who is stealing the sand from Ocean Shores' beaches. There are over 50 levels and many mini-games to unlock. Cool!

Q: Who is your fav character in the game?

A: I really like Lars because he's kind of like my big brother. He's nasty – like all big brothers are!

Q: Can you give us hints on how to complete the hard levels?

A: Well, don't be afraid of the robots. Get in there and hit them with your hockey stick!

Q: Are you making the PlayStation and Game Cube versions at the same time?

A: Yes. And it's been a very big task. Thankfully they're coming along rather nicely!

Q: Has *Rocket Power Beach Bandits* been a fun game to work on?

A: It's been great. It's got all the cool elements of extreme sports that we enjoy, like in-line skating, skateboarding and mountain-boarding.

Q: Why does Vegeta turn evil? (Brendan Shanahan, Hawke's Bay, SA)

Vegeta has always had evil in his heart, but he decided to fight on the side of good in the battle with Frieza. He determined to become more powerful than his rival, Goku. During series 5 Babidi was able to use the evil of Frieza, allowing him to gain partial control of Vegeta's mind. This caused great problems for our heroes as Vegeta became an extremely tough opponent for Goku.

Q: Does anyone else ever find out that Gohan is the Great Saiyaman? (El Sloper, Taupo, New Zealand)

During the World Tournament Gohan has to remove his mask and sunglasses for the final fight. This was his only remaining method of disguise. He finally reveals himself to the crowd, which includes Sharper and his other school friends, who are

surprised to learn the true identity of the Great Saiyaman.

Soon after this event, chaos takes over and everyone quickly becomes concerned with other things!

Q: Does Videl have a mother and if so, what is her name? (Dylan Chapman, Ulverstone, NSW)

Nothing is known of Videl's mother. She must have left the scene very quickly – after realising what had happened to her brother, Gohan, she was

GAME OF THE MONTH

WARCRAFT 3

REIGN OF CHAOS

© 2002 ACTIVISION, INC. All Rights Reserved.

Warcraft 3 is a real-time strategy game – and it offers one of the most immersive and exciting gameplay experiences I've had in ages. The gameplay itself hasn't changed that much – you build armies and conquer territory – but now you can play four races instead of two: Orcs, Humans, Night Elves and Undead. The single player game boasts an epic storyline that is told using awesome cutscenes that will blow you away. The visuals and sound are excellent and gameplay is top notch. Add to this some of the best multiplayer gaming available and Warcraft 3 comes out a winner. This is arguably the PC game of the year!

I GROW UP...

Story by Tania Gomez

WHAT YOU'RE DOING?

Try and be involved as much as possible in creative things. You have to be really creative and open-minded. Join acting classes and write a lot as well.

NAME: DAVID GALLAGHER
JOB: ACTOR, 7TH HEAVEN

WHAT'S A DAY ON SET LIKE FOR YOU?

It varies quite a bit. Usually I'm there for quite a few hours because I have to do three hours of school, and there's usually two or three scenes I have to do in a day. I have to be there pretty early.

HOW DID YOU GET YOUR ROLE IN THE SHOW?

I did a lot of auditioning. You get called in and you audition, and if they like you they send you to

FANCY WORKING ON A BIG TV SHOW? LET'S SEE WHAT IT'S REALLY LIKE!

meet directors, then producers, and then executives. It got narrowed down to me and two other kids and I got picked.

WHAT'S THE BEST AND WORST PART ABOUT BEING AN ACTOR?

The best part is that it is very fulfilling. Acting has a lot of perks, and I guess the whole fame thing comes along with it, which is very

cool. But at the same time that's kind of a downside too because you lose your privacy.

WHAT ARE THE GREAT PERKS OF BEING AN ACTOR?

There are a lot of things. There are parties that you get invited to and movie premieres are always a blast. You get to be involved with charity and contribute quite easily because a lot of people are very open to having celebrities at their event.

DO YOU HAVE ANY TIPS FOR KIDS WHO WOULD LIKE TO GET INTO ACTING?

My advice would most definitely be to make sure that this is what you want to do with your life, for the rest of your life. You have to choose it as your career. Make sure you love it, because there are things that you're going to have to sacrifice because it really is a very involved job.

November is a huge month in the gaming world, and it's only going to get better as we head into the Christmas season. Speaking of which, be sure to catch December's Gamers' Galaxy, which features a gigantic top 20 games for X-mas. This month I review Warcraft 3, MIB 2,

WEBSITE OF THE MONTH

THE KULLO! GAME GURU WEBSITE

This month's website was sent in by Rudra Devi Thavarajan. Readers should check out this site – it's packed with games and

activities. Some of the great games include Star Wars, Fenris, Lunar Lander, UFO Attack and my fave, Kung Fu Quest. There are colouring pages, jokes, riddles, jigsaws and optical illusions. It's way cool!

DISNEY'S MAGICAL QUEST

GBA 2-2 Players, Rated G

Disney fans are in for a treat with this new platform adventure on Game Boy Advance. You can play as either Mickey or Minnie and you have to rescue Pluto from Emperor Pete's castle. Your spells change with each costume. Mickey the Sorcerer can swim long distances, while Mickey the Firefighter can shoot water from his hose. This game will leave fans screaming for more!

INFO: Sorcerer Mickey and Sorceress Minnie have lots of spells under their sleeves. For example, their magic beams reduce an enemy's power and can change objects into other objects.

Zoocube and Freekstyle. I also take a sneak peek at the new DBZ game on PS2, Butt-Ugly Martians and Kingdom Hearts. Send your game cheats, favo websites, guest reviews and game questions to me at gameguru1@optushome.com.au and I'll do my best to answer them. See you all next month!

Twenty thousand years ago, the Earth was being overrun by glaciers, and creatures everywhere were fleeing the onslaught of the new Ice Age. In this time of great peril we meet the weirdest herd of any age: a fast-talking but dim sloth named Sid; a moody woolly mammoth named Manny; a saber-toothed tiger named Diego; and an acorn-crazy saber-toothed squirrel known as Scrat. This quartet of misfits unexpectedly, and reluctantly, comes together in a quest to return a human infant to his father. Braving boiling lava pits, treacherous ice caves, freezing temperatures, and a secret, evil plot, these "sub-zeros" become the world's first heroes!
